Warring Indian tribes still populate Americaâ€™s western territories even as lawless gold-rush towns begin to mark the landscape. In much of the country it is still Michael Crichton's recently discovered novelâ€™an adventure set in the Wild West during the golden age of fossil hunting. The year is 1876. Warring Indian tribes still populate Americaâ€™s western territories even as lawless gold-rush towns begin to mark the landscape. In much of the country it is still illegal to espouse evolution. Against this backdrop two monomaniacal paleontologists pillage the Wild West, hunting for dinosaur fossils, while surveilling, deceiving and sabotaging each other in a rivalry that will come to be known as the Bone Wars. Into this treacherous territory plunges the arrogant and entitled William Johnson, a Yale student with more privilege than sense. Determined to survive a summer in the west to win a bet against his arch-rival, William has joined world-renowned paleontologist Othniel Charles Marsh on his latest expedition.Â But when the paranoid and secretive Marsh becomes convinced that William is spying for his nemesis, Edwin Drinker Cope, he abandons him in Cheyenne, Wyoming, a locus of crime and vice. William is forced to join forces with Cope and soon stumbles upon a discovery of historic proportions.Â With this extraordinary treasure, however, comes exceptional danger, and Williamâ€™s newfound resilience will be tested in his struggle to protect his cache, which pits him against some of the Westâ€™s most notorious characters. ...more Dragon Teeth PDF ebook
